

A Seminar and workshop on Environmental conservation and the Hazards of atmospheric and soil pollution, held at NGRI on 21st and 22nd July, 2007

Association of British scholars (ABS) and British Council, Chennai have conducted a workshop on ENVIRONMENTAL CONSERVATION AND THE HAZARDS OF ATMOSPHERIC AND SOIL POLLUTION during 21st and 22nd July, 07 in association with National Geophysical Research Institute, Hyderabad. About 85 school teachers from various different schools of twin cities have participated. This programme is quite informative for school teachers. Quite a number of eminent professors and scientists in the field of environment from JNTU and NGRI gave presentations including Prof. Madhav (Rtd. from IIT). There are field visits also by the teachers to a sewerage disposal plant and biomedical waste management plant. In view of the introduction of environment as a compulsory subject in schools by the Government, this workshop will greatly benefit these teachers. Dr.V.P.Dimri, Director, NGRI, Hyderabad has inaugurated the seminar. Mr.Kartar Singh, British Council, Chennai presided over the function and stressed the importance of the event. Dr.T.V.M. Murthy, secretary, ABS and Dr.T.Harinarayana, Dy. Director, NGRI and Jt. Secretary, ABS are the coordinators of the event. Prof.Laxman Rao, President, ABS gave details of the two days programme.

Inauguration – Sitting on the dias from left ; Prof. TVM. Murthy, Secretary, ABS, Dr.T.Harinarayana, Dy. Director, NGRI and Dr.V.P.Dimri, Director, NGRI are seen.
